

## **Dublin Cycling Campaign**

Dublin Cycling Campaign is an independent, 100% voluntary group lobbying local and national government to bring about improved conditions for cyclists and pedestrians and greater recognition of the benefits of cycling. We also work nationally through Cyclist.ie the Irish Cycling Advocacy Network.

We have an active social calendar as well as monthly public meetings on topics related to the environment and cycling.

## **VOICE**

Our Recycling Ambassador Programme will help show you what can be recycled in your household bin, through FREE interactive Workshops. Our aim is to help improve Ireland's recycling rates and reduce levels of contamination in household recycling bins. If you have a group of adults who would like to learn how to get their recycling bin-sorted for free please do get in touch.

## **Stop Food Waste**

STOP Food Waste is a programme funded under the EPA National Waste Prevention Programme (NWPP). Since 2009, the programme has worked with and supported communities and local authorities throughout the country on a range of initiatives to prevent food waste and promote home composting. Stop Food Waste aims to help Irish householders make the most of

their food, providing information, tools and support materials on all aspects of preventing food waste, from good planning and shopping practices through to correct storage and reuse options.

While there are many ways to reduce food waste, there is no one solution that works for everyone. The Stop Food Waste Challenge is a community-based initiative that provides a stepwise method that allows householders decide how they can best reduce their food waste in their homes. For food waste that can't be prevented, composting is an effective and sustainable local solution to managing organic wastes at home. The Master Composter Programme provides training for local community organisations on all aspects of composting, including garden waste prevention options.

Contact: For more information on the programme, email [info@stopfoodwaste.ie](mailto:info@stopfoodwaste.ie)

### **Recycle IT**

Recycle IT is a Dublin based social enterprise specializing in recycling Waste Electrical, Electronic and Pure Metal Equipment. Recycle IT will accept any electrical items with a plug or a battery and collects free from residents associations, community groups, schools, colleges, and charities.

Contact: Learn more about Recycle IT at [www.recycleit.ie](http://www.recycleit.ie)

### **Waters and Communities**

The Waters and Communities Office was set up in February 2016 to promote better management of our streams, rivers, lakes, estuaries, coastal waters and groundwater. I am the Community Water Officer for Dublin and Wicklow and I work closely with local communities and all stakeholders to promote collaboration in the management of our natural water environment. We can provide assistance and support for local communities on water based initiatives and projects.

Contact: shurson@lawco.ie [www.watersandcommunities.ie](http://www.watersandcommunities.ie)

### **Clean Coasts**

Clean Coasts organises hundreds of beach clean-ups annually mobilising thousands of volunteers, removing considerable quantities of marine litter from our coastline.

## **Transition Towns - An Lianadh**

The transition movement is about moving to a low carbon lifestyle. We are affiliated to the Transition Ireland and Northern Ireland Network. We use our facebookpage [anlianadhdublincitytransitioniniative](#) to let people know about environmental issues and events in Dublin. Do check us out!

Contact: facebook page [anlianadhdublincitytransitioniniative](#)

## **Young Friends of the Earth**

Young Friends of the Earth are a volunteer activist group working to advance global climate justice by mobilising and inspiring people to join the movement in Ireland. They are just about to launch an educational series all about food sovereignty, called Chew on This!, and it will involved monthly events around food for 2018.

Contact: For more info, go to the website, [youngfoe@foe.ie](mailto:youngfoe@foe.ie), the FB page or the Twitter. You can also email [youngfoe@foe.ie](mailto:youngfoe@foe.ie).

## **Fingal Environmental Network**

Local Environmental Networks are a communication hub for all people looking for information or to promote their green events. Fingal Environmental Network engages with it's PPN, giving all of it's members a voice.
